Technical drawing of a 1000mm long metal profile. The main view shows a long profile with a total length of 1000mm and a width of 330mm. The profile has a central slot and a series of holes. The distance from the left edge to the first hole is 75.1mm. The distance between the first and second hole is 46.2mm. The distance between the last two holes is 46.2mm. The distance from the last hole to the right edge is 75.1mm. The profile has a thickness of 2.5mm. The drawing includes four cross-sections: two at the ends and two in the middle. The cross-sections show a U-shaped profile with a width of 46.2mm and a height of 55.9mm. The distance from the bottom edge to the top edge is 12.7mm. The drawing also includes a detail view of the corner of the profile, showing a radius of 46.2±0.5mm and a thickness of 2.5mm.

Technical drawings of a mechanical part, showing top, side, and end views with dimensions.

Top View: The part is rectangular with a width of 330. It features a central horizontal slot and two vertical slots. Dimensions include 12.7 for the vertical slot width and 46.2 for the central slot width. The total length is 330.

Side View: The part has a height of 75.4. The central slot has a width of 46.2. The vertical slots have a width of 12.7. The total width is 330.

End View: The part has a height of 75.4. The central slot has a width of 46.2. The vertical slots have a width of 12.7. The total width is 330.

Dimensions:

- Top View: 330 (total width), 12.7 (vertical slot width), 46.2 (central slot width).
- Side View: 75.4 (height), 46.2 (central slot width), 12.7 (vertical slot width).
- End View: 75.4 (height), 46.2 (central slot width), 12.7 (vertical slot width).
